A nice game to play with your friends. The game is relatively quite easy, simple memory work. I manage to finish the game in 12 mins by myself\u2026I guess it would be more fun to play with your friends lol. If you have someone to play the game with in real life, you should try the game. Looking forward for more and harder levels (\uff61\u2026)\uff65\u03c9\u2026)\uff89\u2661. Played this a few times at trade shows already and couldn't wait until it is finally released!

Such a charming retro vibe combined with snappy controls and a hard yet fair difficulty make for an instant recommendation!

You do not want to miss this, especially if you're a fan of lovely retro platformers! :). nice arkanoid/breakout clone for satanic pro gamers. A game with no clear instructions or point, but I don't want to put it down.. Although the UI is a little basic, I am really enjoying this management sim. I love boxing and I love sports management sims so this is of great interest to me. There is a real skill to building your fighters up and that does make for a steep learning curve but stick at it, there is much to like about this game.

Definitely not the scariest horror game ever, but scary enough to make you cry like a schoolgirl. Tense gameplay with both dynamic chases and thrilling stealth experience, atmospheric soundtrack, and story perfectly short for one dreadful evening. It's dangerous to go alone.

. Smells like a fart. 4 srs.. If anyone wants to trade games like this i have ets 2, ets 1, bus driver, and Garrys mods. Ill trade for star bound

. I found the game both challenging and entertaining. I recommend it to anyone looking for a fun challenge..
