Common Questions Q.1 I receive a warning as I attempt to change the password of the Siemens Step 7 200: Unlock POU passwords: ("The specified password does not match the one in EEPROM. This can only be corrected by disassembling and recreating the password list.") The password of the EEPROM in the PLC was changed and I have already checked. I do not know how to remove the option of the "Unlock POU passwords". Solution: Click Yes If this does not work, you can use the following steps. Go to the following location: C:\Program Files\Siemens\STEP7-MicroWIN
